About Black Mountain College

Founded in 1933, Black Mountain College was one of the leading experimental liberal art schools in America until its closure in 1957. After the Bauhaus in Germany closed due to mounting antagonism from the Nazi Party, Josef and Anni Albers readily accepted an offer to join the Black Mountain College faculty. During their 16-year tenure in North Carolina, the Alberses helped model the college's interdisciplinary curriculum on that of the Bauhaus, attracting an unmatched roster of teachers and students including R. Buckminster Fuller, Elaine and Willem de Kooning, M.C. Richards, Ruth Asawa, Robert Motherwell, Franz Kline, Ray Johnson, John Cage, Merce Cunningham, Stan VanDerBeek, Charles Olson, Pat Passlof, and Robert Rauschenberg.

About {Re}HAPPENING

In 2009, Black Mountain College Museum + Arts Center board member Jolene Mechanic developed a fundraising idea that grew into the {Re}HAPPENING, a dinner and performance event inspired by John Cage's 1952 Theatre Piece No. 1, considered by many to be the first Happening. For the first six years, the Media Arts Project (MAP), an artist-run non-profit in Asheville, collaborated to organize and produce the event with BMCM+AC.

The {Re}HAPPENING is a one-day event at the historic campus of Black Mountain College, 15 minutes from Asheville. It is part art event, part fundraiser, and part community instigator, providing a platform for contemporary artists to share their responses to the vital legacy of Black Mountain College by activating the buildings and grounds of the BMC campus with installations, new media, music, and performance projects.

About Black Mountain College Museum + Arts Center

The {Re}HAPPENING supports and raises awareness for Black Mountain College Museum + Arts Center, a local 501(c)(3) non-profit museum in downtown Asheville. BMCM+AC was founded in 1993 by arts advocate Mary Holden to recognize the history of Black Mountain College as a forerunner in progressive interdisciplinary education and to celebrate its extraordinary impact on modern and contemporary art, dance, theater, music, and performance.

The Museum is committed to educating the public about the history of Black Mountain College and promoting awareness of its extensive legacy through exhibitions, publications, lectures, films, seminars, and oral histories. Through our permanent collection, special exhibitions, publications, and research archive, we provide access to historical materials related to the College and its influence on the field. BMCM+AC provides a forum for multifaceted programming in a dynamic environment in downtown Asheville, North Carolina. Our goal is to provide a gathering point for people from a variety of backgrounds to interact – integrating art, ideas, and discourse.

BMCM+AC occupies ᏌᏍᏏᏍᏗ Tsalaguwetiyi territory, the original home of the Eastern Band of the Cherokee. We acknowledge the settler-colonial forces still at work in our region and seek to honor the sovereignty of the Cherokee.
